GENERAL ORDER NO. 11.

(Superseding General Order No. 2.)

GENERAL ORDER NO. 11.

In the Matter of the Regulation of the Crossing of Facilities of one Public Service Company by those of another Public Service Company.

And now, August 5, 1914, until otherwise hereafter determined and ordered, any public service company, subject to the provisions of The Public Service Company Law, approved July 26th, 1913, before constructing any structures or other facilities across the structures or other facilities of any other public service company, whether under ground, or above ground, or at the same or different levels, shall serve ten days' (or shorter notice, if specially allowed by the Commission, upon sufficient cause being shown,) written notice upon the public service company or companies whose structures it is so desired to cross, which notice shall specify the nature and character, way and manner, of such contemplated crossing, and the exact location thereof, and shall file with the Commission a true copy of the notice so served, with proof of service thereof: Provided, however, that

if an agreement which shall specify the nature and character, way and manner, of the construction of the proposed crossing be in force between the public service company proposing to cross and the public service company whose structures or facilities it is proposed to cross, it shall be sufficient if the above notice, served and filed, with proof of such service, with the Commission, as aforesaid, shall state the exact location of such crossing, and that the same will be constructed in accordance with said agreement and specifications referred to therein, a true copy of the said agreement and specifications being also filed with the Commission together with said notice.

The public service company or companies desiring to construct such crossing may, after the termination of the period of said notice, proceed therewith, in accordance with the specifications as stated or referred to in said notice, as above provided, unless, within the period of said notice, served as aforesaid, the public service company or companies affected by such crossing shall serve upon the company or companies proposing to make such crossing, and file with the Commission a protest against the construction of the same, or unless, without such protest, the Commission, within the period of said notice, filed with it as aforesaid, shall of its own motion, direct that the crossing shall not be proceeded with.

Such protest shall set forth the reasons which, in the judgment of the protestant, show that the Commission should not approve such crossing, and proof of service thereof, as aforesaid, shall be filed with the Commission within three days of the filing of the protest with the Commission.

The Commission, upon consideration of such notice or protest, or both, may fix a time and place for hearing, after due notice, and determine whether or not such crossing shall be approved. This regulation shall apply to all such crossings between the structures or facilities of any public service company and the structures or facilities of any other public service company, other than crossings between railroads and street railways, and shall be subject to the specific regulations that may hereafter be adopted by the Commission.

This order supersedes General Order No. 2 upon the same subject.

Secretary.

I do hereby certify that the above is a true and correct copy of the original order on file in this office.
